### Pleasure & Leisure Ltd (Operators of OHYEAH Watersports and Cruises)

PLEASE READ THIS DOCUMENT CAREFULLY. YOUR SIGNATURE OR BOOKING CONFIRMATION CONSTITUTES FULL ACCEPTANCE OF THESE TERMS AND CONDITIONS.

#### The Experience

This activity offers a unique opportunity to interact with Atlantic Bluefin Tuna at close quarters within a small group. Under the constant supervision of our specialised professionals, you will participate in aquatic behaviours designed to be both safe and engaging. This is an excellent opportunity to expand your knowledge about these extraordinary “ambassadors of the oceans”. In accordance with international standards governing the handling of marine species, this activity is purely informative to ensure the safety of participants, the fish, and our expert staff.

#### NATURE OF THE ACTIVITY

- **Environment:** This interaction takes place at sea within offshore farm pens. Unlike a controlled pool, this involves high-energy, wild animals in their natural element.
- **Collaboration:** All interactions are collaborative and cannot be forced; the behaviour of the Tuna is not a forced encounter but a mutual one.
